WT03 ENVIRONMENTAL POLICY

Title	Environmental Policy
Policy number	WT03
Type	Community
Owner	Chief Executive Officer
Responsible Officer	Manager, Town Operations
Approval date	21 October 2015
Next review date	21 October 2017

1. Purpose

The Nhulunbuy Corporation is committed to lead and advocate for sustainability and the protection of our environment. The Nhulunbuy Corporation values biodiversity, the natural environment and the green open spaces that all contribute to the tropical lifestyle of the town.

The Nhulunbuy Corporation will strive to continually improve on its environmental performance and to foster a culture of environmental awareness and sustainability among its employees and the community.

Through the implementation of this policy, the Nhulunbuy Corporation aims to adhere to sustainability and environmental best practice. The Nhulunbuy community will be well informed of Corporation initiatives and strategies that enhance and protect the environment.

2. Scope

This policy addresses environmental matters associated with all Nhulunbuy Corporation operations including waste management and water management.

This policy applies to all Nhulunbuy Corporation employees and contractors.

3. Definitions

Nhulunbuy Corporation means the Nhulunbuy Corporation Limited.

4. Policy

To advocate for environmental sustainability, the Nhulunbuy Corporation will:

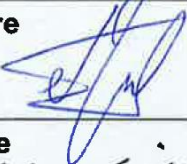

- comply with and where possible, exceed the requirements of relevant legislation, policy and standards to continually improve its environmental performance
- work with the Nhulunbuy community to enhance the town's environmental quality, while respecting cultural, social and economic values
- regularly assess its environmental performance and the effectiveness of its environmental management systems
- improve its environmental performance through setting measurable targets and key performance indicators
- ensure its employees, suppliers and contractors are aware of and able to respond to their environmental responsibilities
- support and implement waste reduction programs, and

- reduce resource consumption, including energy and water use

The Nhulunby Corporation will encourage the community to adopt a culture of environmental responsibility at work and at home and promote sustainable practices such as waste minimisation and water efficiency.

5. Review process

This policy will be reviewed two years from the date of adoption.
